Associate in Arts Degree in Spanish

Spanish, as an integral part of the humanities, prepares students for transfer to a university by teaching them new modes of expression and cultural attitudes. It also perfects their knowledge and understanding of the structure of English. A foreign language is a basic element of general education because it provides an opening to understanding and participating in the cultures of the world.

**For specific course, unit, grade and other graduation requirements see the General Education, Institutional and Information Competency Requirements handout available in the Counseling department or visit <http://www.sbccc.edu/apply/files/gereq.pdf>

Careers in Spanish

In addition to careers in education and business, Spanish provides occupational opportunities in all areas in which it is advantageous to be bilingual in English and Spanish, a skill which is especially useful in California.

The Spanish program also has Study Abroad programs in Mexico, Spain, Costa Rica and Chile/Argentina. Programs are not offered every year.
